

Post-16

SUMMER EXAM SEASON

LEAVING - YEAR 11 -

REVISION

FINAL EXAMS

YEAR

11

- More Algebra
- Congruence, similarity and vectors
- Bespoke sequence of lessons based on the needs of the class.

- Graphs
- Transformations
- Ratio and Proportion
- Fractions, Indices and Standard Form
- Probability
- Multiplicative Reasoning
- Quadratic Equations and Graphs
- Constructions, Loci and Bearings
- Perimeter, Area and Volume 2

YEAR

10

- Number
- Fractions and Percentages
- Algebra
- Equations, inequalities and Sequences
- Angles
- Right Angle Triangles
- Perimeter, Area and Volume 1
- Averages and Range
- Graphs, Tables and Charts

YEAR

9

- Number
- Decimals and Ratio
- Area and Volume
- Expressions and Equations
- Real-life Graphs
- Calculating with Fractions
- Fractions Decimals and Percentages
- Straight line Graphs
- Probability

YEAR

8

- Number Skills
- Decimals and Measures
- Fractions
- Sequences, Functions and Formulae
- Sequences and Graphs
- Ratio and Proportion
- Lines and Angles
- Transformations
- Analysing and Displaying Data

YEAR

7

WELCOME

.....
Long -Term Overview

ASSESSMENT & PROGRESS IN

- ✓ Assessment Tickets
- ✓ End of Tests
- ✓ Self Assessment
- ✓ Teacher circulation and feedback
- ✓ Mini-Whiteboard Assessment

SUMMER EXAM SEASON

LEAVING - YEAR 11 -

REVISION

FINAL EXAMS

YEAR

11

- Circle Theorems
- More Algebra
- Vectors and Geometric Proof
- Proportion and Graphs
- Bespoke Sequence of lessons based on the needs of the class

- Graphs
- Transformations and Constructions
- Multiplicative Reasoning
- Equations and Inequalities
- Equations and Graphs
- Probability
- Similarity and Congruence
- More Trigonometry
- Further Statistics

YEAR

10

- Number
- Fractions and Ratio and Proportion
- Algebra
- Angles and Trigonometry
- Area and Volume
- Interpreting and Representing Data

YEAR

9

- Number
- Decimals and Ratio
- Area and Volume
- Expressions and Equations
- Real-life Graphs
- Calculating with Fractions
- Fractions Decimals and Percentages
- Straight line Graphs
- Probability

YEAR

8

- Number Skills
- Decimals and Measures
- Fractions
- Sequences, Functions and Formulae
- Sequences and Graphs
- Ratio and Proportion
- Lines and Angles
- Transformations
- Analysing and Displaying Data

YEAR

7

Mental Maths

Calculator/Non calculator

Exploring methods

Long –Term Overview

Our Maths curriculum builds on basic fundamentals of number skills until students are able to complete complex mathematical processes. We use practice, discussion and reflection to explore different methods and to ensure students are confident in their numeracy

ASSESSMENT & PROGRESS IN

- ✓ Assessment Tickets
- ✓ End of Tests
- ✓ Self Assessment
- ✓ Teacher circulation and feedback
- ✓ Mini-Whiteboard Assessment
